

**Amendments to the Claims**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (original) A customizable memento comprising:  
a first graphic print having a first face that bears an image;  
a first optically clear overlay having an opening formed therein;  
a lens insertable into the opening in the overlay; and  
an optically clear adhesive fixing the first face of the first graphic print to the overlay.
2. (original) The memento of claim 1, further comprising:  
a backing member formed of a rigid material; and  
a second adhesive fixing the backing member to a second face of the first graphic print opposite the first face.
3. (original) The memento of claim 2, wherein the backing member has a slot formed therein that enables the backing member to be mounted to a wall.
4. (original) The memento of claim 3, wherein the backing member is formed of a rigid material selected from the group consisting of: wood, particle board, melamine, fiber board, hard board, masonite, and foam backer board.
5. (currently amended) The memento of claim 2, wherein the optically clear adhesive is a first layer of the adhesive, and the backing member is formed of a second graphic print affixed to a second optically clear overlay by a second layer of the ~~an~~ optically clear adhesive.

6. (currently amended) The memento of claim 1, wherein the optically clear adhesive is a first layer of the adhesive and the first graphic print bears images on both the first face and a second face opposite the first face, and wherein the memento includes a second overlay affixed to the second face of the first graphic print by a second layer of the an-optically clear adhesive.

7. (original) The memento of claim 1, wherein the first overlay is formed from an optically clear material selected from the group consisting of: acrylic, polycarbonate and PTEG.

8. (original) The memento of claim 1, wherein the opening is adapted to receive an item that can be covered by the lens.

9. (original) The memento of claim 8, wherein the item is selected from the group consisting of: a label, a card, a photograph, a scorecard, a chip, and a certificate.

10. (original) The memento of claim 8, wherein the lens has dimensions slightly larger than corresponding dimensions of the opening.

11. (original) The memento of claim 10, wherein the lens is adapted to be fixed within the opening over the item by an optically clear adhesive.

12. (original) The memento of claim 1, wherein the first overlay has a slot formed therein that is adapted to receive a strap that secures the memento to a separate object.

13. (original) The memento of claim 1, further comprising an attaching member releasably attached to the memento opposite the first overlay.

14. (original) The memento of claim 13 wherein the attaching member is fixed to a film that is releasably attached to the first graphic print.

15. (original) The memento of claim 13, wherein the attaching member is selected from the group consisting of: a safety pin, a magnetic finding, a spring biased clip, and a hook and loop closure.

16. (original) A method for forming a customizable memento comprising the steps of:  
a) adhering a first, graphics bearing face of a first graphic print to a first transparent overlay using an optically clear adhesive;  
b) forming an opening in the first overlay; and  
c) adhering a backing member to a second face of the first graphic print opposite the first face.
